Subject Re: Use of Public Land (Ref Sunday Age Jan 4 2009)

To Whom It May Concern

As a retired person who has in the last 2 years taken up bike riding I would like to see more dedicated bike paths constructed around Melbourne.

1. The first that comes to mind would be a link between Federation Trail at Millers Rd Altona and the Yarra River alongside the Westgate Freeway.

2. Secondly a dedicated bike path between the mouth of the Werribee River along the edge of the Bay into Altona. (Through RAAF Williams and the Cheetham Wetlands). Hopefully in time to link with the proposed path alongside the Werribee south of the Freeway.

Thank you

Richard J. Hawkey
