East Melbourne, VIC 3002.

Dear Sir/ Madam,

We are writing as concerned Moreland citizens regarding the Crown land at Edgar's Creek Parkland that is currently owned by Vic Roads. As active members of 'the Friends of Edgar's Creek' group, and dog-owners who use and enjoy the parkland on a daily basis, we really value this beautiful piece of land for its aesthetic, environmental and recreational properties, and object strongly to the idea of the Vic Roads land being sold for residential use. Apart from the fact that it is flood-prone, the sale of it would take away a sizeable portion of the parkland that is currently enjoyed by so many citizens, the number of whom are growing steadily as our shire becomes more populated.

We feel that it would be a considerate and timely gesture for the Victorian Government to gift this parcel of land to the Moreland Council, on the proviso that it is kept as open space for recreational use.

We hope that you will consider our point of view, and look forward to hearing a positive outcome regarding your decision.

With kind regards,

Jen Anderson and Dave Suttie
