

Map C: Historic and cultural features reserve, Nature conservation reserve, Regional park - implementation status

Historic and cultural features reserve

- Fully implemented
- Partially implemented
- Implementation unclear
- Unimplemented

Nature conservation reserve

- Fully implemented
- Partially implemented
- Implementation unclear
- Unimplemented

Regional park

- Fully implemented
- Unimplemented

- Coastal waters
- Other public land
- Major road

Key to abbreviations

- FFR = Flora and fauna reserve
- FR = Flora reserve
- HA = Historic area
- HCFR = Historic and cultural features reserve
- HP = Historic park
- HR = Historic reserve
- NCR = Nature conservation reserve
- RP = Regional park
- WR = Wildlife reserve

- Notes:
- This map depicts all public land subject to government-accepted recommendations as historic and cultural features reserves (HCFR), nature conservation reserves (NCR) and regional parks (RP).
 - This map is based on a GIS layer created by VEAC depicting government-accepted public land use recommendations and subsequent government decisions.
 - Small parcels (generally less than one hectare) may not be visible at this scale. A higher-resolution map showing the finer detail can be viewed at www.veac.vic.gov.au.
 - Implementation has been defined based on reservation under an appropriate Act and purpose based on the relevant government-accepted land use recommendation. See chapter 4 of the discussion paper for further discussion of implementation.
 - Further analysis of the regional parks depicted as a 'unimplemented' may result in their status being changed to 'partially implemented'. Canadian Regional Park, established outside the VEAC process, is depicted as fully implemented.
